PETITION UNDER 37 C.F.R. 1.53(e)

Hon. Commissioner of
Patents and Trademarks
Washington, DC 20231

June 25, 2001

Attention: Application Processing Division
Special Processing and Correspondence Branch

Sir:

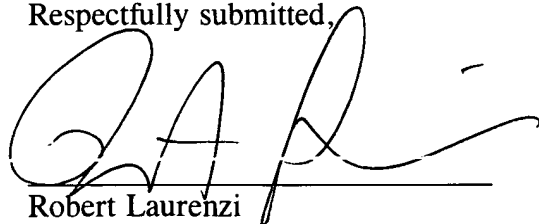

This is in Response to the Notice of Incomplete Nonprovisional Application mailed on April 25, 2001 in the above-referenced case, which states that the "application was deposited without drawings."

Attached is a copy of the postcard delivered to the Patent Office with the present

application which states that 5 sheets of informal drawings (Figs. 1-5) were included as part of the application. The post card was stamped by the Patent Office with application No. "09/762,911" and returned to applicant. Also attached is a copy of the "Notice of Incomplete Non-Provisional Application" for this application which is stamped with a different application number, namely "09/810,693." Applicant can only speculate that the drawings filed by applicant on the above-referenced filing date may have been misplaced by the Patent Office due to Patent Office error caused by the improper assignment of two application numbers to the present application. In any event, applicant hereby asserts that the attached drawings (Figs. 1 - 5) were submitted with the application on the above-referenced filing date of February 12, 2001 and submit the attached Declaration of Dwight Peck in support thereof. Applicant respectfully request that such filing date (February 12, 2001) be accorded this application and that said drawings be delivered to the file of the present application for examination.

A fee as set forth in 37 C.F.R. 1.17(h) accompanies this petition. Because petitioner alleges that no defect caused by applicant exists, a refund of the petition fee is respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'RL', is written over a horizontal line.
